

Volvo Trucks' New River Valley (NRV) assembly plant in Dublin, Virginia created the one-of-a-kind truck "2007 Ride for Freedom Volvo VNL 670" that is now on display at the Virginia Museum of Transportation. This truck with beautiful artwork honors U.S. military personnel taken as prisoners of war or missing in action (POW/MIA) and features images from Desert Storm, Operation Iraqi Freedom and Operation Enduring Freedom. Also included are the words, "All Gave Some ... Some Gave All."

Volvo trucks participate in the annual Ride for Freedom, a rally held in Washington, D.C. on Memorial Day weekend. Volvo Trucks employees, the UAW Local 2069 Veterans Committee and a caravan of local motorcyclists travel to our nation's capital for the annual ride and rally.

The Ride for Freedom Volvo VNL670 model was proudly assembled at the NRV plant, Volvo Trucks' largest manufacturing plant in the world, right here in the Commonwealth of VA.

## Ride for Freedom Volvo VNL
